

## **warren haynes |** sunday at the uptown

Many guitar lovers rank Warren Haynes among the world's best players. He may also be one of the busiest. Haynes is the leader of Gov't Mule and a longtime member of the Allman Brothers Band. But right now he's touring in support of his just-released solo album, "Man in Motion." PremierGuitar.com said the album "brings an old-school blues and R&B vibe into the modern era." Though Haynes is known for his electric-guitar work, expect Sunday's show to include a solo acoustic set. Showtime is 8 p.m. Tickets are \$27.50-\$70.10.
